Aquatic Center Mens & Womans Floors

Area Coated: Aquatic Center Mens & Womens Restroom, Locker Room and Shower Stall Floors

- First Coat: Quartz Filler #50

Project Description:

The city of Webster Groves, MO needed to resurface mens and womens locker room, restroom and shower stall floors in their aquatic center.

Coating Selection Explanation:

Bazan Painting of St. Louis, MO was chosen as the applicator for this project. Due to longstanding relationship with Carboline and recent successful Flowcrete flooring projects, Bazan chose Carboline as the material supplier for this project.
