

Location:

Morgan City, LA

Date of Application:

August 2008

Market:

Marine

Substrate:

Steel

Surface Prep:

SSPC-SP 2 (Hand Tool Clean)

Exposure:

Exterior Weathering - severe industrial
- seacoast and chemical environment

Capt. Brennan

Area Coated: Exterior Coating

- First Coat: Carbocoat 150 Universal Primer
- Second Coat: Carbocoat 8215

Project Description:

Cabin and deck coated by the onboard crew using Carbocoat 150 and Carbocoat 8215. Onboard maintenance ongoing as needed using the same products.

Coating Selection Explanation:

Coating system selected for ease of application by the crew with no mixing of multiple components. This system ensures a foolproof system for the crew with no waste paint generated.
